

# sonar SEA

Plant Growth Regulator

soil

foliar

## Composition

	%w/v
Ecklonia Maxima Extract	30,00
Naftilacetic Acid (ANA)	0,45
ANA Amide	1,20
Folic acid	0,10

## Characteristics

### SYSTEM AND TIME OF APPLICATION

Plants absorb rapidly **SONAR SEA**, form maximum nutritional benefit. Applications of Sonar Sea are recommended to improve fruit development. Use in foliar spraying after flowering. Rate and frequency of applications may vary due to active growth and particular crop conditions.

### STABILITY AND STORAGE

**SONAR SEA** is stable for at least three years since manufacturing date. Store in the closed original container in a cool and ventilated area. Do not store for prolonged periods in direct sunlight. Keep away from food, drink and animal feed. Keep out of the reach of children.

**SONAR SEA** stimulate cell division and cell elongation, increasing the size of the cells by induction of protein synthesis. This result in healthier plants and increased crop production.

**SONAR SEA** promotes production of longer and more homogeneous fruits which keep their flavour and consistency after harvest for a longer period of time. Other benefits include delayed growth, being the result of a stimulated metabolism.

HIGH CONCENTRATION OF NATURAL HORMONES

## Actions

- Alleviates the effect of stress.
- Improve nutrient uptake.
- Improves shelf-lives during color
- Increases root mass and growth of seedlings.
- Increases the number of fruit, size, color, number and sugar.

## Application

CROPS	DOSE (cc/100L water)	APPLICATION
Curcubitaceae (cucumber, zucchini, etc)	75-100	Apply 10 days after full flowering
Kiwi	100	Apply the 1st 18 days after full flowering and 28 days after full flowering
Grapevine	100	Apply along GB3 for berry growth
Legumes (broad bean, green bean, pea, etc)	75-100	Apply 10 days after full flowering
Pomes and stone fruit trees	75-100	Apply 10 days after full flowering
Solanaceae (tomato, potato, eggplant, etc)	75-100	Apply 10 days after full flowering
Strawberry	75-100	Apply 10 days after full flowering

## Cautions

Sonar Sea is compatible with most pesticides and fertilizers. For application with plant protection products follow pesticide label directions and make jar test for compatibility.
